18th Annual

Naglee Park Open Studios

In 2008, a Naglee Park neighbor conceived the idea of a neighborhood open-studios tour while noticing how many artist's homes filled the neighborhood. For eighteen years, Naglee Park Open Studios has been hosted throughout Naglee Park, showcasing a broad spectrum of participating artists and talents, while affording attendees a comfortable walk in which to share our lovely neighborhood, with its tree-lined streets and historic homes.

This free event goals aim to:

- Display and sell local art
- Encourage community participation
- Showcase our art friendly neighborhood

Visit our Facebook page:

Some History of Naglee Park:

- Naglee Park is the former estate of California pioneer Brigadier General Henry Morris Naglee and is considered to be the first modern subdivision in Santa Clara County.
- The neighborhood has been restored to its earlier glory by the hard work of neighbors and the Campus Community Association.

While Visiting Naglee Park:

- Begin your day of touring with coffee, bagels and treats at the House of Bagels or take a break for lunch or dinner at JapaCurry @NagleePark, both on the corner of E. San Carlos and S.11th Streets.
- Bring a lunch and picnic in William Street Park at E. William and S.16th Streets.
- Enjoy the varied architectural styles in the mix of Craftsman, Victorian, Spanish Revival and Prairie-Style homes.
- You can walk by the Naglee Mansion, once the home of General Naglee, on the northwest corner of E. San Fernando and S. 14th Streets.
